## Karst Landscape Tour

Mike Wiericks Dairy Farm - N6706 Crevice Rd., Casco, WI (see map on reverse)

Join us for morning pasture walk on a dairy farm that has 'karst topography' as part of its natural landscape. Our host, Mike Wierick, will provide a walking tour of his farm to discuss these features and to showcase demonstration practices that provide for stronger groundwater protection on karst topography. Additional information and commentary from Lynn Utesch, a fellow grazer and LNRP Board Member, and other guests. Hear about the important work being done to obtain higher levels of protection for karst landscapes and their vulnerable aquifers and find out what you can do to help! Lunch (included) is being planned for at the farm with locally sourced meat and produce.

**30 person maximum! Register now!**

Please call Maryanne Dainsberg at (920) 465-3006 to register.
